

Please don't rush your child through this list of words. It is not a race. It is for your reference only. We aim to have learnt to read all these words in reception, by Christmas.

I will send these words home in smaller groups and stick them in your child's reading record, when your child has learnt the corresponding sounds in their phonics lessons in school. Some weeks there will be quite a lot and other weeks there might only be a few, depending on how many letters there are to learn with the same sounds. I will guide you through it so please don't panic.
